SUBJECT: Request for Sanitization [redacted]

25X1

1. Reference is made to your request for the sanitization of information to the unclassified level concerning the functions of UDAC. [redacted]

25X1

2. The DCI, Judge William Webster, has acknowledged publicly that "I have a center for the study of illegal dissemination of classified information. Every agency reports in when they read a newspaper article containing information from highly classified sources wanting us to do something about it. And we have a machinery for that process." [redacted]

CATEGORIES OF RECORDS IN THIS SYSTEM:

Records include administrative information, intelligence requirements, analysis, and reporting; Intelligence Community operational records; bibliographic information about individuals of intelligence interest; articles, public-source data, and other published information on individuals and events of interest to the Intelligence Community; actual or purported compromises of classified intelligence; countermeasures in connection therewith; identification of classified source documents and distribution thereof; investigative data related to compromises of classified intelligence.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

To provide classified and unclassified information within the Central Intelligence Agency and to appropriate Intelligence Community and U.S. Government officials for the conduct of authorized activities.

To inform and provide information to U.S. Government officials regarding compromises of classified information including the document(s) apparently compromised, implications of disclosure upon intelligence sources and methods, investigative data on compromises, and statistical and substantive analysis of the data. 

25X1

4. The foregoing constitutes the public disclosure to date about this activity. 

25X1

5. The following is the classified description of this activity:

The Unauthorized Disclosure Analysis Center serves as the Intelligence Community focal point to receive and synthesize information on disclosures of classified intelligence information. It is charged with providing information to Intelligence Community officials regarding compromises of classified intelligence information, including documents apparently compromised, implications of disclosures on intelligence sources and methods, investigative data on compromises, and statistical and substantive analysis of the data.

25X1

The Center is responsible for production of the DCI monthly Unauthorized Disclosure Summary which receives limited dissemination to senior officials. Further, it assists components of the Intelligence Community in the detection and authentication of unauthorized disclosures and formulates recommendations for DCI action.

25X1

The UDAC is staffed by assigned and detailed Intelligence Community personnel and is located in a SCIF
